

MURDERS IN KASHMIR

Shah holds meeting after bank employee's killing

Doval, RAW chief meet home minister; crucial security meeting today

PRESS TRUST OF INDIA
New Delhi, 2 June

Ahead of a crucial meeting on Jammu & Kashmir, National Security Advisor Ajit Doval on Thursday met Union Home Minister Amit Shah and is believed to have discussed the security situation in the Union Territory, which has witnessed a spate of targeted killings since May 12.

Doval, along with RAW chief Samant Goel, closeted with Shah for over an hour at the home minister's office at North Block this afternoon, official sources said. Details of their meeting were not known immediately but they were believed to have discussed the situation in restive Kashmir where a bank employee hailing from Rajasthan was killed this morning — the third non-Muslim government employee.

Vijay Kumar, a resident of Bhagwan village in Rajasthan, worked as a manager with Ellaqui Dehati Bank at Arah Mohanpora branch in the south Kashmir district. He was posted there recently.

Shah will chair the high-level meeting on Friday to discuss the security situation in

region at Kulgam on Tuesday. On May 18, terrorists had entered into a wine shop at Baramulla in North Kashmir and threw a grenade, killing one person hailing from Jammu region and injuring three others.

On May 24, policeman Saifullah Qadri was shot dead outside his residence in Srinagar while a television artiste Amreen Bhat was gunned down in Budgam two days later.

Scores of Kashmiri Pandits, who were employed under a prime minister's package in 2012, have been staging continuous protests threatening mass exodus since the killing of Rahul Bhat, who was shot dead by terrorists on May 12 in Chadoora area of Budgam district in central Kashmir.

After the previous meeting, an official statement had said that the home minister directed security forces and the police to conduct coordinated counter-terrorism operations actively.

The home minister had said that in order to fulfil Prime Minister Narendra Modi's vision of a prosperous and peaceful Jammu and Kashmir, security forces should ensure zero cross-border infiltration.

Jammu and Kashmir, the second such exercise in less than a fortnight which comes at a time when terrorists have been carrying out targeted killings in the Valley.

Doval is also expected to attend Friday's meeting.

Jammu and Kashmir Lt Governor Manoj Sinha and senior functionaries of the central government and Union Territory would participate in the meeting which is also expected to take stock of the arrangements for the annual Amarnath yatra, being held after a two-year hiatus due to the Covid-19 pandemic.

The meeting will be held amid protests by Kashmiri Pandit community seeking protection and some of them leaving the Valley following the targeted killings.

In the last meeting on June 17, Shah had advocated counter-terror operations and had asked security forces to ensure zero cross-border infiltration and wipe out terrorism from the Union Territory.

The meeting comes in the wake of terrorists carrying out targeted killings, including of a woman teacher hailing from Samba district of Jammu

More flexibility for insurers as Irdai eases product approvals

MOVE WILL HELP FIRMS ADAPT TO CHANGING CUSTOMER PREFERENCES

SUBRATA PANDA
Mumbai, 2 June

The insurance regulator's move to permit 'use and file' procedure to all health insurance products and nearly all general insurance products will provide greater flexibility to insurance companies in introducing innovative products in the market that suit the changing needs of customers and result in more products in the retail segment.

Currently, the regulatory regime warranted prior approval of the insurance regulator for insurance companies to launch their products in the market, regardless of price not being determined by the regulator.

The move from 'file and use' to 'use and file' has been a long-standing demand of the insurance sector since product approvals have often faced inordinate delays.

This move is in line with the reforms agenda of the new Chairman of the Insurance Regulatory and Development Authority of India (Irdai) Debashish Panda.

Panda in his interaction

with industry players in early April had highlighted that the regulator intends to bring in much-needed changes to the sector. One of them is revamping the product certification process wherein players will be able to follow the system of 'use and file' rather than 'file and use'.

"It is envisaged that these initiatives will enable the insurance industry to launch suitable products in a timely manner," said Irdai in a statement.

"It will bring about a conceptual change that has been long pending and much-needed to ensure the advancement of the insurance ecosystem. Insurers will now be able to develop new solutions, based on individual preferences and current needs," said Sanjay Datta, chief-underwriting, claims and reinsurance, ICICI Lombard General Insurance.

EASE LAUNCH OF MORE INNOVATIVE PRODUCTS IN RETAIL SEGMENT

Tapan Singhel, managing director and chief executive officer (CEO), Bajaj Allianz General Insurance, said, "Insurers can introduce their products in the market on filing with the regulator, thereby avoiding a longer waiting duration in offering innovative insurance solutions to customers to help address the dynamic environment."

According to Rakesh Jain, CEO, Reliance General Insurance, this move by Irdai will aid customer centricity and fuel product innovation, furthering insurance penetration in the country.

Bhabatosh Mishra, director-underwriting, products and claims, Niva Bupa Health Insurance, said, "...as the industry has matured, the regulator is trying to bring fresh waves of reform in the sector. This initiative will enable greater flexibility and innovation for

insurers to introduce customised products for different customer segments."

Insurers now need to proceed with caution, notwithstanding the freedom they have been granted.

"The downside could be that insurers launch too many products. This is a chicken-and-egg situation. But the gains outweigh the losses. It is a good move by the regulator. But insurance companies have to be very responsible now," said the CEO of a private-sector insurer.

"We will now have greater responsibility and opportunity to ensure consistent innovation to develop products based on constant evaluation of customer needs and improved pricing of products for our policyholders. We should take care to design products with customer interest as the paramount objective," said Dutta.

For health insurance products, the regulator has said that insurance companies will now need to file the product within seven days of launch and obtain a unique identification number.

Indirect tax mop-up may fall short ...

"Hopefully, it will be better than budgeted and could see average monthly collection in the range of ₹1.4-1.5 trillion," Bajaj said.

GST collection, which included the state portion of the tax, touched a record of ₹1.67 trillion in April, followed by ₹1.41 trillion in May.

The government had projected indirect tax collection at ₹13.38 trillion in the BE this fiscal year. After excise and customs duty cuts, it may come down to ₹11.88 trillion. The target for direct tax collection for FY23 is ₹14.20 trillion. As on May 31, net collection stood at ₹1.95 trillion, according to sources.

Tax collection had been projected at ₹27.58 trillion in BE for FY23. That represents 9.6 per cent growth over the ₹25.16 trillion pegged in the Revised Estimates (RE) in the previous year. However, collection surpassed the RE to touch ₹27.1 trillion.

Trade deficit widens to record...

Export Promotion Council India Chairman Mahesh Desai said that despite global headwinds, Indian engineering exports stood at \$ 9.29 billion in May, recording growth of 7.84 per cent compared to last year, showing that the sector was standing on firm footing and could withstand challenges. He further said in the short and medium term, there were fears of demand slowdown in advanced economies that could potentially dent momentum.

In April, the WTO had lowered its global trade forecast to 3 per cent in 2022 from its previous projection of 4.7 per cent due to the conflict between Russia and Ukraine and Covid-19 curbs in China.

While India was able to surpass the \$400-billion export target in FY22, government officials said it might take some more time to fix the current financial year's target as the geopolitical tensions had caused uncertainty among various sectors.
